- Promoting a strong safety culture within the company.
- Commitment to eliminate hazards and minimize the risk of harm to our people and the community.
- Provide strong and effective leadership that is committed to achieving continual improvement in safety and health performance.
- Consult with our people, clients and other stakeholders to identify hazards and risks in all aspects of our operations, to prevent incidents from occurring.
- Ensure safety practices and procedures are implemented, reviewed and maintained.
- Maintaining an effective HSEQ committee.
- Providing an effective injury management / rehabilitation program.
- Monitor identified health hazards including general dust, silica, noise and biological pathogens.

Responsibilities

We recognise that all personnel have a responsibility for Work Health and Safety, but the overall responsibility rests with the managing director who will be accountable for the implementation of this policy. These responsibilities include:

- Comply with all Work Health and Safety legislation, industry and client specific requirements.
- Provide an adequate budget and resourcing to meet Work Health and Safety commitments.
- Provide and maintain all workplaces in a safe condition, free from hazards, with a safe system of work.
- Ensuring that all Work Health and Safety policies, procedures and work instructions are implemented.
- Provide competent supervision, training and education, instruction and consultative information to the workforce.

Employees will ensure that they:

- Demonstrate accountability, commitment and contribute to providing a continual improvement of the WHS Management system.
- Stop any job that is considered unsafe.
- Follow all policies, procedures and work instructions
- Report all hazards and incidents to their supervisor.

Responsibility for the implementation of this policy rest ultimately with the Managing Director
